I can't wait no more, no
Let's have a baby
What are we livin' 4? Tell me
Let's make love, let's make love

So long have I gazed into your eyes
Wonderin' what they'd look like on a newborn child
I cannot lie when my hand is on your thighs
I'm thinking, isn't it a miracle that life comes from
inside?
So long I have listened 2 your voice
Wonderin' what it would sound like coming from a girl
or a boy
Isn't it funny that when U're truly in love
How just the thought of such things can bring U so
much joy?

And I can't wait no more, oh no
Let's have a baby
Oh girl, come and shut the door, go on, shut it
Let's make love
U wanna make love?

I'm leaving it up 2 U
I'll do what U want 2 do
But U got 2 understand
U're my woman and I'm your man
I can't even go 4 a ride
Believe me, honey, I've tried
Without thinking about a little baby
A baby sittin' right by my side
And if anybody in the whole wide world
Ever thought that they could do that 4 me
They are one mistaken girl
Cuz baby, U got me, U got me open, yes U do
And we're doing just fine
If U really love me, baby
If U can find the time

I can't wait no more
Let's have a baby
Don't U wanna?

What are we livin' 4? Tell me, tell me
Let's have a baby
Come on, come on and shut the door, girl
U know what I wanna do
Let's.. let's make love
