Sitting on the floor of an all white room
Feeling like the color blue
Thinking about the words that I can use
To get this through to you

A million mistakes and then some
I've made with the one's before
I've probably passed my expiration date
But still I adore you, adore you

Looking for the energy to take you there
The places that you wanna go
Knowing if I do, you're fully aware
The press will turn it into a show

Everyone expecting this outcome
Still they jump for all the clues
I guess I should be happy but I'm still not sure
That you really love me
Love me, love me, love me, you love me

Like the lion of Judah
I'll strike my enemies down
As my God is living
Surely the trumpet will sound

There was one who would stand by my side
Through the the good and the bad
Let that one stand with pride
The best that I've ever had
Like the lion of Judah

Driving away with a smile on my face
Wind blowing through my hair
Wondering how you'll feel when you find out
How much I really care

Hoping that the tears roll down your face
Your body grasp who we are, who are we?
Two gypsy beggars who only
By Vegas came to be a star
A super star, a star, that's what we are

Like the lion of Judah
I'll strike my enemies down
As my God is living
Surely the trumpet will sound

Lion
Judah
Lion
Judah

Like the lion of Judah
I'll strike my enemies down
Like the lion of Judah
Surely the trumpet will sound

Hear the trumpet sound
Lion, Judah
Lion of Judah
Lion of Judah
