Make believe U're a hero, make believe U're a star
Make believe that U're somebody instead of who U
really are
Make believe
It's only a movie

U don't need 2 scratch 4 crumbs when U deserve the
whole cake
Make believe U're Sidney Poitier, believe, U gotta make
believe
U got 2 make believe, U got 2 make believe
Baby, U got 2 make believe it's only a movie

Make believe U're sophisticated, make believe that U're
en vogue
Make believe that U're quite wealthy even though
U're so broke U can't pay attention
Baby, U got 2 make believe, U got 2 make believe

Make believe it's only a movie
Make believe U're a star

U got 2 make believe, U got 2 make believe
U got 2 make believe, U got 2 make believe
