Last night baby, I had a dream
That I fell asleep with all my clothes on and U tried 2
make love 2 me
I felt U tuggin' (tuggin') on my blouse and instead of
slowin' U down
I put your hand inside and started movin' it all around

If I were able I'd make U wait awhile
But the card's on the table so I might as well show U my
style
Are U ready baby? (Ooh)

CHORUS:
I'm the kind that takes her time
It's mo' better when it's wetter
What's the rush 4 the gush?
So much nicer when it's smooth
Do it slow, cuz U know
It's mo' better when it's wetter
This is mine, take your time
And I'll give it all 2 U

(It's mo' better when it's wetter)

I don't wanna wake up, this dream is 2 good 2 be true
Feels like I got my arms, (and) hips and thighs all
around U
If real love could be like this baby, I'd give it 2 U night
and day
But it seems like a man's always in a hurry when nanny
ain't gonna run away (No way)

If I were able I'd make U wait, make U wait awhile (Just
a little bit)
But the card's on the table so I might as well show U my
style
Show U my style (Ooh)

CHORUS

Baby, yeah

Can U blame me 4 the time I take
When it's memorable love I wanna make?
U can't tame me if I wanna go wild
If U can't take a minute 2 learn my style

I'm sayin' U gotta learn my style, baby
I like 2 take my time
U with that?
Alright, check it out
U can pin me on the boards

I'm the kind that takes her time
It's mo' better when it's wetter
What's the rush 4 the gush?
So much nicer when it's smooth
Do it slow cuz U know (Do it slow, don't U know?)
It's mo' better when it's wetter (It's mo' better when it's
wetter)
This is mine, take your time (Take your time)
And I'll give it all 2 U, U, U

(It's mo' better when it's wetter)

Don't blaim me baby, the time I take
(It's mo' better when it's wetter)
I wanna remember the love that we make
(It's mo' better when it's wetter)
Better when it's wetter

Solamente entrega tu cuerpo a quien tu amas
{Only give your body 2 whom U love}
Until we meet again
