Turn off that weak jam, man
Come on, huh
Mr. Happy's here
Huh and we're buggin'

I will take care of you
Whatever you want, I do it right
Oh, I will take care of you
Mr. Happy, every day and night, oh

I got some money, I got some juice
But somethin's funny, I ain't got you
I comes to party , don't wanna be alone
(Yeah)
I need somebody, somebody grown

I will take care of you
Whatever you want, I do it right
Oh, I will take care of you
Mr. Happy, every day and night, oh

I got some money, I got some juice
But somethin's funny, I ain't got you
I comes to party , don't wanna be alone
(Yeah)
I need somebody, somebody grown

Oh yeah
Sugar baby, with the curly hair
Dancin' crazy, underwear
Witcha name on it, lookin' fine
("Bought a house next to Prince", fine)
Keep smackin' that booty and you'll be mine

I will take care of you
Whatever you want, I do it right
Oh, I will take care of you
Mr. Happy, every day and night, oh

I got some money, I got some juice
But somethin's funny, I ain't got you
I comes to party, don't wanna be alone

(Yeah)
I need somebody, somebody grown

Pump it up, pump it up
Brown man, puffin' on a weak jam
Understand this is 80 proof
Guaranteed to get your girl loose if she douche

Throw your set up to the roof
Third finger down, if u're wild, make a sound
Look at my people gettin' on down
(Get down, get down)

Skip the Remy and let me have
Some Mary Tyler Moore of that new power soul
Comin' from the Midwest, passin' every test
With a fuzz tone remote control

I will take care of you
Whatever you want, I do it right
Oh, I will take care of you
Mr. Happy, every day and night, oh

I got some money, I got some juice
But somethin's funny, I ain't got you
I comes to party, don't wanna be alone
(Yeah)
I need somebody, somebody grown

I will take care of you
Whatever you want, I do it right
Oh, I will take care of you
Mr. Happy, every day and night, oh

I got some money, I got some juice
But somethin's funny, I ain't got you
I comes to party, don't wanna be alone
(Yeah)
I need somebody, somebody grown
(Yeah, come on)

Yeah, one, well
I'll make your love come down
Like a freakin' elevator in the middle of the night
Body vibratin' like a pager, you play the drink
Baby, I'll play the chaser, do I love you?

I can't love you 'cuz I hate cha
See, you got this bad case of the sad face
Dinner at 8, then intercourse at my place
Keep the drapes open, VCR, the whole bit

I know it sound sick but baby, let's make a flick
Mr. happy, baby doll, I came to do damage
(I will take care of you)
Rock your world, knock your brain to another planet
You know, my North Pole can generate heat

Been thinkin' about me?
I can see them stains in your sheets
Before the reputation, they all used to pass me
(I will take care of you)

Yeah, now they stop to ask me
For real?
Straight up, the lifestyle of Mr. Happy
Yeah

Oh, I will take care of you
Whatever you want, I do it right, oh
Mr. Happy, every day and night
("Bought a house next to Prince", yeah)
