Welcome 2 The Dawn
U have just assessed the Beautiful Experience

This is a tale about control
Feline, that is
But please don't be a victim of the 30 second bite
Listen 2 the words carefully
They are meant 2 uplift and enlighten
All the members of the female persuasion
So that no woman ever becomes a slave

Yeah!

Good mornin' ladies and gentlemen
Boys and motherfuckin' girls
This is your captain with no name speakin'
And I'm here 2 rock your world
With a tale that will soon be classic
About a woman U already know
No prostitute she, but the mayor of your brain
Pussy Control (Are U ready?)

Aaah, Pussy Control, oh
Aaah, Pussy Control, oh

Our story begins in a schoolyard
A little girl skipping rope with her friends
A tisket, a tasket, no lunch in her basket
Just school books 4 the fight she would be in
One day over this hoodie
She got beat 4 some clothes and her rep
With her chin up, she scolded "All y'all's molded
When I'm rich, on your neck I will step"
And step she did 2 the straight A's
Then college, the master degree
She hired the heifers that jumped her
And made everyone of them work 4 free?
No! Why?
So what if my sisters are triflin'?
They just don't know
Mama didn't tell'em what she told me

"Girl, U need Pussy Control" (Are U ready?)

Aaah, Pussy Control, oh

Aaah, Pussy Control, oh

Breakdown (Are U ready 4 the best Pussy U ever felt?)

{x4 }

With one more verse 2 the story

I need another piece of your ear

I wanna hip U all 2 the reason

We're known as the players of the year

(Are U ready?)

Aaah, Pussy Control, oh

Get wild!

Get wild! - like U know U need 2

Pick a funky outfit, short and see-through

Versace got it going on in the gold mesh

Won't U try it on 2 night when U get dressed?

Get Wild's the only aroma that my nose'll see

Won't U spray a little where U think I'm gonna be?

And U know, U know what shoes 2 wear

The ones so high U're scared

Oh!

Peace and be wild

Don't think about callin' her a ho

Juvenile delinquent!

(I don't care what U've been told, Pussy got U in control) {repeat in BG }

Oh, Pussy Control

Oh, Pussy Control, oh

Breakdown, uh (Some tongue up in that pussy) {x3}

Breakdown

(That, that, that pussy) {repeat in BG }

Oh, Pussy Control

Pussy Control
