KURT LODER - MTV NEWS:

"Here is someone that's obviously playing rock and roll who is also a funk artist, who covered a lot of categories that which artists have been separating for so long and brought them together purposely ... ."

Props n pounds  
Props n pounds  
Love 4 one another is the only sound 2day  
Positivity is the only way

Chorus:  
Props n pounds  
Props n pounds  
Love 4 one another is the only sound 2day  
Negative people don't get to play  
Props n pounds  
Props n pounds  
Why you wanna holler when you know what the bible say  
Positivity is the only way

Once again when the coin is tossed  
And lands upon the sea  
Unsuspecting lives are lost  
They didn't have to be  
When the book is opened  
and The Son condemns them all  
Pagan holidays, crucifixes  
\$100 tears will fall

Chorus :  
(hey)  
(no play)  
(you know it)

All the ones still in the game  
Never give me pounds  
Egotists to proud to say the opposite of found  
Worrying about the validity of the rulers crown

When everyone ought 2 be in line giving props n  
pounds

Chorus:  
(hey hey hey)

(ooow)  
Props n pounds  
Props n pounds  
Props n pounds

Once again when the money get tossed  
Never gonna see npg floss  
Keeping you happy is the only cost  
Love God and everyone or your life will be lost  
Listen to the words that will save every one  
Safe sex campaign talking about a gun  
With CON as the prefix, suffix be the DOM  
(dumb)  
Look at them both and tell me something  
What's in the Trojan Horse? Lubrication.  
Nothing goes in my woman except The Son

REWIND

KURT LODER / MTV NEWS:

" ... I mean he's just one of the greatest live performers  
there is but  
all this other stuff, the attitude, going on around it. I  
mean you can  
be a great musician and not have the right kind of  
approach. And Prince  
has the right approach 2. ...I think the gift of simplicity  
is like a  
keynote of art I mean, he doesn't he knows when to  
stop - usually ...."

Props n pounds  
Props n pounds  
Props n pounds  
Props n pounds

Chorus :  
(U better choose right, U better choose right before  
your life get lost)  
Yeah  
Props N Pounds.
