Lie down, fair one and come away  
Till the rain is over and gone, gimme the beat now  
Face the music  
Lead line  
Face the music

If the air is a little thick in this room tonite  
I reckon it's the result  
Of an onslaught of separatist rookies  
Overcome by this colorful sight

Talkin' so fast that even they  
Talkin' so fast that even they  
Don't know what they mean

Of all the things that base a rhyme  
How is it that you every time  
Regurgitate the racist lines  
That keep us apart?

Thank God  
This ain't monopoly  
You'd make us all go  
Back to start

Race in the space I mark human  
Face the music  
Race, face the music  
We all bones when we dead

Race in the space I mark human  
Face the music  
Cut me, cut you  
But both the blood is red, I gotcha

Race, race  
Check it

Three seats over there's a lady black  
Entrusted to her care is a little white girl  
And the fact of the matter is

Before her momma or another kid at school  
Tells her about the fallacy  
That one race rules over the other  
She'd be a much better off left fool  
Face the music

If we never heard about the evils  
That those before us committed  
Then how my dear, tell me now how my dear  
Tell me now how now would we know

And then the band say  
Race in the space I mark human  
Face the music  
Race, face the music  
We all bones when we dead

Race in the space I mark human  
Face the music  
Cut me, cut you  
But both the blood is red, I gotcha

Race, race  
Face the music

Down with H I S T O R Y and all this BS propagandi  
Keepin' you from me and me from you as we grow  
I don't wanna know, I don't wanna know  
Why those before us hated each other

I'd rather believe they never did  
I'd rather believe, I'd rather, I'd rather believe  
That there's hope for a kid

And if he imitates the best  
I guess that's what I'll try to be  
And I will let the rest dissolve  
With my guitar underneath the sea

Race  
Face, face, face, face, face  
Face the music  
Face the music, now  
Face the music

Race in the space I mark human  
Face the music  
Race, face the music  
We all bones when we dead

Race in the space I mark human

Face the music  
Cut me, cut you  
Both the blood is red, get it?

Race, got it

Race, face the music  
Race, race  
Face, face the music  
Race, race

Face, face the music  
Race, race, race, race  
Face, face, face the music  
Race
