Ripopgodazippa, ripopgodazippa  
If you flick of the pink plush then this brother trippa  
Start down at the bass then stop at the treble  
Circle the midrange and up go me levels

'Precious' by Chante is rockin' the box  
This cannot be foreplay 'cause this be too hot  
Up go the left thigh on me shoulder there  
Up go the right and me blood pressure there

With my tongue in the cheek  
Of the gold underwear  
One yank of the teeth  
And they off on the chair

Ripopgodazippa, ripopgodazippa  
If you flick of the pink plush then this brother trippa  
My girlie, how in the world did you learn this that you  
know?  
Ripopgodazippa, etc., etc. so

This bench that I normally use for the weights  
My girl, she lay me down and try my soul to take  
And devilish this night she was before as I'm layin'  
there  
She take it all the way down, the girl go down to the  
hair

She wouldn't move a muscle  
For what seemed like days  
My heart stop beating  
And I died this way

Ripopgodazippa, ripopgodazippa  
If you flick of the pink plush then this brother trippa  
My girlie, how in the world did you learn this that you  
know?  
Ripopgodazippa, etc., etc. so

Ripopgodazippa

I lay me girl down on the fake lamb fur

It's fake but it's still soft as what's between her  
Lavender oil come from the bottle like I do  
Whenever I think about me zippa rippin' so good

All down the body  
And devil between the thighs  
Ripop go zippa  
And you get a big surprise

Ripopgodazippa, ripopgodazippa  
If you flick of the pink plush then this brother trippa  
My girlie, how in the world did you learn this that you  
know?  
Ripopgodazippa, etc., etc. so

Ripopgodazippa

Instead of walking inside, I just knock on the door  
I take a look around until she beggin' me more, more,  
more  
When I finally come inside, I'm standin' perfectly still  
I can't take no more, pump you then I will

I just wanna call your name  
But I don't know what to say  
Ripopgodazippa

If you're always with me  
You'll never have to call me  
Touche, touche  
Hey

Ripopgodazippa, ripopgodazippa  
If you flick of the pink plush then this brother trippa  
My girlie, how in the world did you learn this that you  
know?  
Ripopgodazippa, etc., etc. so

Ripopgodazippa  
(Ripopgodazippa)  
Etc., etc. so

Ripopgodazippa
