How long I cry till the river run dry?  
How long I cry till the river run dry?

U used 2 see me  
But U don't see me no more  
U used 2 touch me  
But U don't touch me no more

How long I cry till the river run dry?  
Oh, how long I cry till the river run dry?

Our love affair I thought would be  
6 4evers and a week  
Stick pin jab in the middle of a dream  
No love at the end of the rainbow

How long I cry till the river run dry?  
Oh, how long I cry till the river run dry?

When U would hold me  
Circles my heart danced  
U never told me  
That our love, it had no chance

300 tears crystalline  
Each one contaning a memory it seems  
Stick pin jab in the middle of a dream  
No love at the end of the rainbow

How long I cry till the river run dry?  
Oh, how long I cry till the river run dry?  
No, how long I cry till the river run dry?  
Oh, oh why must I till the river run dry?  
Oh, till the river run dry  
Oh
