With this one I can be what I wanna be
I don't have to live up to no one's fantasy
I could write another three hundred melodies
To her it's just three, 'cause this one
She loves me 4 me

With this one I don't even have to comb my hair
I can wear what I want to or nothing, she don't care
I don't even have to take her on the rollercoaster, see
'Cause this one, this one
She loves me 4 me

In the morning
When I rise and see her eyes
Look deep into mine
I find a better place

This one I can tell all my secrets to
I don't need to make her swear, she would never tell
any who
Besides I'm the only one she ever wants to see
'Cause this one, honestly
She loves me 4 me

When the night falls
And she calls
I run to her side
'Cause she got the ride that I like to ride
I like to ride it

This one I can take over my momma's house
And I don't have to worry what goes in and out her
mouth
All she needs is a little gratuity
She don't like no beef, she just loves me 4 me
She just loves me 4 me

This one, this one, ooh
She loves me 4 me
