So low, the curb looks like a skyscraper  
So high, the stars are under me  
So quiet, I can hear the blood rushing through my veins  
So low, I feel like I'm going insane

The angels, they watch in wonder  
When you made love to me  
Through the rain and the thunder  
You cried in ecstasy

You were so kind  
I felt sorry for all creation  
'Cause at the time No One was lucky  
No One was lucky, No One was lucky as me

And now you're gone and I just wanna be still  
So silent, I'll just let my senses sleep  
It's gonna be so hard to hear my voice  
If I ever learn once more to speak

I'm so lost, no one can find me  
I've been looking for so long but now I'm done  
I'm so low, solo  
My name is No One
