Somebody's somebody, somewhere, someone

It's 2 o'clock in the morning and I just can't sleep  
Outside the rain is pourin', I'm lonely as can be  
Maybe tonight'll be different than the nights before  
I need to feel someone beside me, I can't be alone no  
more

Tonight I wanna be somebody's somebody  
Tonight I wanna belong to someone  
(Someone)  
Tonight I wanna be somebody's somebody  
Tonight I want somebody that'll do it 'til the job gets  
done  
(Oh yeah)

This big ol' world can be so empty livin' in it all alone  
I realize, in its best disguise, a pretty house don't make  
a home  
There's a hunger deep inside of me, how the fire burns  
I wanna give good love to someone and get good love  
in return, oh

Tonight I wanna be somebody's somebody  
Tonight I wanna belong to someone  
(Someone)  
Tonight I wanna be somebody's somebody  
Tonight I want somebody that'll do it 'til the job gets  
done  
(Oh yeah)

Somebody's somebody  
Someone  
I wanna be somebody's body  
Oh yes, oh yeah

Someone to hold me in that hour midnight  
Someone to console me when things ain't goin' to right  
Someone to bring me dinner sometime, yeah  
(Mine, all mine)  
Somebody I can call all mine

It's 2:05 in the morning and I got no one to call  
I'm longin' To hear another voice inside these lonely  
walls  
(Lonely walls)  
Maybe tonight'll be different  
(Different)  
Than the nights before  
(Maybe not)  
I need to feel someone beside me, I cannot be alone no  
more  
(No more, no more)

Tonight I wanna be somebody's somebody  
Tonight I wanna belong to someone  
(Someone)  
Tonight I wanna be somebody's somebody  
Tonight I want somebody that'll do it 'til the job gets  
done  
(Oh yeah)

Tonight I wanna be somebody's somebody  
Tonight I wanna belong to someone  
(Someone)  
Tonight I wanna be somebody's somebody  
Tonight I want somebody that'll do it 'til the job gets  
done  
(Oh yeah)

Somebody's somebody  
I don't wanna be alone, no no  
I don't wanna wait another day, no  
I'll do it over and over and over and over, yeah

Ooh, I don't wanna wait, no  
Can I belong to you, baby? Oh yeah  
(I wanna belong to someone)  
Ooh, slow, deep and long  
Do me over and over and over and over

(Tonight I wanna be somebody's somebody)  
Oh, yeah if you're out there, come on, baby I'll keep it  
hot for you  
(Tonight I wanna be somebody's somebody)  
Come on, baby  
(Tonight I want somebody that'll do it 'til the job gets  
done, oh yeah)  
Done

Somebody's somebody
