Loving u in silence  
Knowing that it's right  
Under ur gaze I ponder this love 2night  
Unbothered by the chaos  
Swirling 'round outside  
In ur arms is where I want 2 live and die  
Some place where ur face  
Is all that I c  
Where the love we make intoxicates intensively  
And the mirror where ur sweet  
Reflection used 2 b  
There is hope, there is joy  
My soul sanctuary  
My soul sanctuary

Loving u in silence  
Never ending kiss  
Under ur gaze I can peacefully exist  
Sanctuary, baby  
Nothing compares 2 this  
In my darkest hour  
U can b my bliss  
All of me I give to thee  
Down at ur feet  
The reassurance in ur rhythm  
Speaks 2 me  
Over and over  
Ur screams r like a prayer  
In the dawn u r there  
My soul sanctuary  
My soul sanctuary

Loving u in passion  
Unmolested in this garden  
Mango and nectarine  
Sweet honeydew, I beg ur pardon  
My mouth runneth over  
From ecstasy, it's true  
Baby, I love the taste of u

Loving u in silence

Knowing that it's right  
Under ur gaze I ponder this love 2night  
Unbothered by the chaos  
Swirling around outside  
In ur arms is where  
I wanna live and die  
Some place where ur face  
Is all that I c  
Where the love we make intoxicates intensively  
And the mirror where ur sweet  
Reflection used 2 b  
There is hope, there is joy  
My soul sanctuary  
My soul sanctuary  
My soul sanctuary  
My soul sanctuary  
  
Soul sanctuary
