All my friends tell me
About the loves they've had
Can't they see what they're doin' to me?
It makes me feel so bad

'Cause I'm so alone and broken hearted
It ain't like my life is ended, but more like it never
started
The love my friends rap about, I keep anticipatin'
I try so hard but don't you know, my patience is fadin'
away, away

Still waitin'
I'm waitin' for that love
Still waitin'
I wish on every star above

Still waitin'
Waitin' for the love to come around
Oh, love
Waitin' for the love to come around

People say that I'm too young
Too young to fall in love
But they don't know, they really don't know
That's all that I've been dreamin' of

'Cause I spend my nights just a cryin'
And I spend my days just a tryin'
To find that love to call my own
'Cause I'm sick and tired of bein' alone

Still waitin'
Waitin' for that love
Still waitin'
I wish on every star above

Still waitin'
I'm waitin' for the love to come around
(Waiting for the love)
Don't you know that I'm waitin'
(Waitin' for the love)

Say
(Waitin' for the love)
To come around now
I need somebody to hold on to baby
Waitin' and waitin', don't you know that I'm

Still waitin'
I'm waitin' for your love, sugar
Still waitin'
If you're out there girl, please come to me

Still waitin'
Don't make me cry no more
Still waitin'
If you're out there, baby, please come to me

Still waitin'
Wishin' and wishin' for days, baby
Still waitin'
If you're out there, girl, please come to me
Still waitin', oh
