Come now all ye strays of the world  
There's a place for you  
In love's kingdom, boys and girls  
All are welcome too

Strays of the world  
Strays of the world  
La, la, la, la, la

Surrender all ye sad of heart  
Today hold back no tears  
The past is gone when we can  
Start conquering our fears

Strays of the world  
Strays of the world  
La, la, la, la, la

Strays of the world, strays of the world  
All ye boys and girls, all around the world  
Are welcome to come on in, come on in  
Strays of the world, strays of the world  
(Strays of the world)

Fear not all ye lonely ones  
Love will find us soon  
This will kiss the risin' sun  
And make love to the moon

Strays of the world  
(Come on, come on)  
Come on, strays of the world  
(Come on, come on)

Come on in  
(Come on)  
The door is open  
(Open up that door)

Hey yeah  
(Hey yes, hey yes)  
Let me hear you say, "Yeah"

(Hey yes)  
Let me hear you say, "Yeah"  
(Hey yes)

Strays of the whole world  
Strays, strays, strays of the world  
Come
