She arrived on a 74  
/About 20 to 11  
She comes to see him, him as in me  
She comes to see  
And it's never complicated  
Other women cannot fade it  
Whenever I call  
She gets dressed up and all  
Supercute

### CHORUS

Maybe it's cause she comes from East L.A.  
But every time I see her body on display  
I gotta call her name from the DJ booth  
Strobe light flash and you know the truth  
Baby got game, she'll take your loot  
Keys to the crib with no dispute  
See her dancing in her birthday suit - Supercute

Together we wonder how we got enslaved and why  
(It's time to get freedom for our people)  
Jericho falls when we all discern the lie  
Yo, why the man wanna lie?  
I look at her eyes go wild, she smiles - Supercute

### CHORUS

On a dare I wanna see if she will share  
The kinda toys she uses when I'm not there  
None at all she swears  
I don't care  
(I don't care )  
I make her buy another one  
And a new dress to wear  
(vibrator noise)  
Goes the toy against her curly hair  
Now she must confess  
How she really like to play  
Or if she don't, I lower the speed  
And bad words she'll say  
Tell me how you play, how you play  
Even in her anger she's still

Supercute

CHORUS

Shake it around

When you see her dancing in her birthday suit -

Supercute
