The greatest romance that's ever been sold

So whatdya know, you and me  
Finally face to face  
Checkin' each other up and down  
In all of the obvious places

Was there ever a reason for us to be apart?  
The air that fills up this room says, "Not hardly"  
So this is where you end and you and I begin  
(This is where you and I, you and I begin)

The greatest romance that's ever been sold  
The greatest romance that's ever been sold

Baby, baby  
Now your mind is open to poetry seldom heard  
Your heart has never been broken  
Until you've heard these words  
Your body was designed to respond to mine

In spite of your desire to mold me  
And in the middle of it all  
We kiss and like rain we fall into  
(Like rain, we fall)

The greatest romance that's ever been sold  
(Oh baby, oh baby, baby)  
The greatest romance that's ever been sold

Oh, I know you feel me, I know that you can dance  
(Help)  
But what do you know about the greatest romance?  
Not what you think, but what you believe  
(Tell me?)  
What was the real reason that Adam never left Eve?

And if the truth sounds like a memory  
Then you know it was meant to be, meant to be  
Leave your inhibitions behind  
Come on, come on, let's see  
(What? Why?)

So this is where you end  
(This is where you end)  
And you and I begin  
(You)

The greatest romance that's ever been sold  
The greatest romance that's ever been sold

I know you can feel me, I know you can dance  
(I know)  
What do you know about the greatest romance?  
(The greatest romance)  
Not what you think but what you believe  
Can you tell me the real reason that Adam never left  
Eve?

The greatest romance that's ever been sold  
(Greatest romance)  
Listen to me, you brought me the grapes from the vine  
Oh yes, you did  
The greatest romance that's ever been sold

Can I talk to you?  
(Talk to you)  
Listen, if you help me to remember the secrets of time  
And you, you, you, you offer me your love  
Your love, your love so divine  
And in return, girl, in return, I will surrender  
Oh yeah, I will surrender, oh yes, I will

The greatest romance that's ever been sold
