"The Song Of The Heart"

Visit "[The Song Of The Heart](#)" on MotoLyrics.com

(spoken)

We have to find our heart songs all by ourselves
It's the voice you hear inside
Who you truly are.

Raise your voices brothers, give praise to the great one
Who put songs in our hearts

You might make a different song, yes that's right it's
true
That don't make anybody more or less as good as you
If you can't feel the music that's all you really need
Then turn this party all the way out
Good time guaranteed

Everybody get up
Clap your hands and dance to the beat
Whatever you do little darlin' it's cool
Just get up out your seat
And wave your flag because everybody plays a part
One world united singing the song of the heart

Look ... everybody makes mistakes
Oh yeah, not one or two (right!)
But that don't make the dirty little things they say about
you true
(You tell 'em!)
Step aside little babies and watch me do my thing
I don't even need a good reason to do this
Listen to me sing

Everybody get up
Clap your hands and show them what you got
Tonight we gonna jam from now until eternity
Don't you stop - make it hot oh!
And wave your flag because everybody plays a part
One world united singing this song of the heart

Come on!
Watch me now!

Oh, I don't care what the people say
This is my life
I just got to like that okay (okay?)
They can go fly their momma's kite
Hooray!

(spoken)

We can be together if we all do our part
I'll let you if you let me sing the song of my heart
We can be together if we all do our part
I'll let you if you let me sing the song

(we got it!)

All right I'm going to tell you one more time
Listen ...
Unh

One world
One world
One world united
Singin' a song
Singin' a song
Singin' a, singin' a, singin' a, singin' a song of the heart

Feel me? Oh yeah!
Feel me? Keep singing!
You do you
I do me
Whateva! Get going y'all!
The song of the heart

(spoken)

To the left, to the right, I'm getting it
I got it, I got it, I don't, I had it
Oh my stomach hurts, I gotta pee
