W, X, Y, Z

Hey, it's the man  
Yeah, let's see what's going on, hey, hey

Trust, who do ya?  
Trust, what makes you a real lover?  
Trust, I put this question to you  
'Cause I want you to be with me

Love, you cannot imagine  
How much I wanna give to you  
Hot, I get so excited  
Just thinkin' about all we could do

Dig it now another world awaits us  
Another power to see  
Close, don't worry about nobody else  
Now on you'll be here with me

Trust, who do ya?  
Trust, what makes you a real lover?  
Trust, I put this question to you  
'Cause I want you to be with me

Money, how much'll make you happy?  
You can have it all if it'll suit you right  
Nothin', I said nothin' can take the place  
Of you and me kickin' it tight, tight

Come, it's easy  
Just let yourself go, don't put up a fight  
Sex, it's not that type of party  
(Higher, higher, higher)  
Girl, we're gettin' higher tonight  
(Oh Lord)

Trust, who do ya?  
Trust, what makes you a real lover?  
Trust, I put this question to you  
'Cause I want you to be with me

Oh, oh, yeah, ooh, come on  
Alright, sho' 'nuff tell it everybody  
Get 'em take the pictures  
Gotham's greed, ooh

Yeah, trust, hot and close, dig it now  
Ooh, that feels good, ha, ha, ha

Trust, who do ya?  
Trust, what makes you a real lover?  
Trust, I put this question to you  
'Cause I want you to be with me

Yeah, yeah, oh yeah, yeah, ow my Lord  
(Trust)  
When I'm on, I feel good  
(Trust)  
Good Lord, when I'm, when I'm on, I feel good  
(Trust)

Who do ya trust if you can't trust God?  
Who can you trust, who can ya?  
Who do ya trust if you can't trust God?  
Who can you trust, who can ya?  
Come and see

Trust, who do ya?  
Trust, what makes you a real lover?  
Trust, I put this question to you  
'Cause I want you to be, wait, want cha with me, ooh

(Trust, trust, trust)  
Who do ya trust if you can't trust God?  
Who can you trust who can ya?

(Trust, trust)  
Who do ya trust if you can't trust God?  
Who can you trust who can ya?
