Get free, yeah

N P G get rowdy, get rowdy now
N P G get rowdy, get rowdy now

Once again I don't follow trends, they just follow me
Just like the Israelies through the Red Sea
It might take you some time but you will want to see
The undisputed truth and get free
(Get free)

N P G get rowdy, get rowdy now
(Feel me, love me, live)
N P G get rowdy, get rowdy now
(Feel me, love me, come on)
(Get free, yeah)

N P G get rowdy, get rowdy now
(Feel me, love me, go, come on)
N P G get rowdy
(Feel me, once again)
(Backwards the incredible)

At the very core of thinking I originate
That's why you'll never know my thinking or my fate
Invisible unless of course you are my mate
If not, you think you see me, I disintegrate

Disintegrate my thoughts from yours
You can feel me coming outta everyone of your pores
We're integrating where I am understood and adored
You're just to my subject that's why you're outta touch
So what's this claim out of what? My dear, I am the
touch

Ooh, hear me, feel me
Ooh, hear me, feel me
Come on

N P G
(Get funky)
N P G get rowdy, get rowdy now

I can give you power
(Power)
I can take it away
I can make you dance
'Cuz this guitar I play

Heavy rotation
(Come on, come on)
Never made my world go 'round
Commercialization, commercialization of the music
Is what brought it down

Over here
To the bridge

My level is now what you must learn to rise above
Talk to D'Angelo or better yet Quest love
It might take you some time but you will learn to see
The undisputed truth and get free
(Get free)

N P G get rowdy, get rowdy now
(Feel me, love me, live)
N P G get rowdy, get rowdy now
(Feel me, love me, come on)
(Get free, yeah)

N P G get rowdy, get rowdy now
(Feel me, love me)
N P G get rowdy
(Feel me, once again)
(Backwards the incredible)
(Get free, yeah)

N P G get rowdy, get rowdy now
(Feel me, love me, horns)
N P G get rowdy, get rowdy now
Get funky

Funky
N P G, new power
(Chuck)
There's no racism
(14)

Free nation
(Funky)
Free nation
(Funky)
Check it

(Undisputed)

Come on, come all to the download ball, off
There's no curfew to hurt you no substitutions
School's now in session
Put down the Smith and Wessons

Real renegades don't invite grenades to make the
grade
This is a brain raid who rise above the lies
Raise above the days
New ways disguised as a craze

Uh, got your back
Against the status they be thrownin' up at us
Back against the wall again
High trees catch a lot of wind, oh

Last band standing
Gotta knock my over standing
According to planing
(N P G get rowdy)
And look up in the sky

No cable wire
God bless the child
God bless the child
So funky
