After a long journey, the final mile  
Wish that we walk together all the while  
After a mild labor, we both smile  
All of the [Incomprehensible] that we lost, both of us in  
denial

'Cause nothing's better than to walk in sand  
Hand in hand with you  
Nothing's better than to walk in sand  
Hand in hand with you

Another sun is rising  
To bed with no delay  
The both of us go despising  
Not enough time to play

Memories come and then they go  
Somewhere far away  
Why can't we just get lost together  
And spend each and every day doing it?

Nothing's better than to walk in sand  
Hand in hand with you  
Nothing's better than to walk in sand  
Hand in hand with you

Walk in sand

We have danced with royalty  
And pimps of the like  
You can't please everybody  
But such is a life

If there was only one thing  
In this world that were true  
Nothing's better in this world  
Than to walk in sand with you

Nothing's better than to walk in sand  
Hand in hand with you  
Nothing's better than to walk in sand  
Hand in hand with you

Nothing's better than to walk in sand  
Hand in hand with you  
Nothing's better than to walk in sand  
Hand in hand with you

Nothing's better than to walk in sand  
Hand in hand with you  
Nothing's better than to walk in sand  
Hand in hand with you
