"Blow your horn, Maceo!"

Say it (Blow your horn, Maceo {repeated by audience})

Come on

Whatcha got on your feet, some Jordans?

Just the drums

Maceo, hit me now!

It would be ludicrous 2 think that we are new 2 this

We do this, this is what we do

It would be ludicrous 2 think that we are new 2 this

We do do this, it's what we do

It would be ludicrous 2 think that we are new 2 this

We do this, this is what we do

It would be ludicrous 2 think that we are new 2 this

We do this

It would be absurd 2 think U've never heard of this

Talkin' shhh..., every word the turd of it

It would be ludicrous, we are new 2 this

We do this, this is what we...

It would be ludicrous 2 think that we are new 2 this

We do this, this is what we do

It would be ludicrous 2 think that we are new 2 this

We do this

How y'all doing in here?

How y'all doing up in here?

[...] excepting [...] 2 this

Oh still U can't reap what U missed

U couldn't resist and now U're pissed

And when it's over, it ain't over

It ain't over {repeated}

It's over
