Oh-ooh

Wherever u go, whatever u do
Oh please, remember that I'll always be there 4 u
U don't have 2 call, u don't have 2 say
Just think about me and I'll be on my way
I don't have 2 worry, Im sure ull be fine
Cuz if u stay happy, then what's yours is mine
Wherever u go, whatever u do
Remember that I'll always be there 4 u
(oh baby)

Wherever u r, think of your dreams
Oh please, remember life aint always what it seems
4 each rainy day (rainy day)
That comes your way
The sun will come shining and ull be okay
Keep on smiling - every girl and boy
Remember when u were children u had toys
Wherever u r, think of your dreams
Remember that dreams become the life u lead

Whatever u play, it's okay 2 lose
Ooh sometimes (sometimes...)
As long as u learn from every game u choose
If one thing is sure, ull always endure
If u try your best at everything u do
Say what u mean and mean what u say
The price 4 a broken heart - it's 2 much 2 pay
And nothing is worth it, if u don't have 2 try
The higher the stakes - the higher the sky

Wherever u go, whatever u do
Please remember
Remember that I'll always be there 4 u
