I thought I was your lover wild
But U treat me like a step-child
I waited by the telephone
I knew U weren't alone
U wait until it's Friday night
And U call me up and start a fight
Say U and me ain't workin' out
But U'll be free on Sunday, what's this all about?

I don't know, baby, who U think I am
I'm not your average every day simple Sam
I could have a dozen others if I choose
But no other mama will do
Your love is so hard
Your love, your love is so hard
Baby, I like it

I thought we were the perfect match
U were so fine, such a catch
Nights were nasty, days were hot
I gave it all and in return, dogged is what I got

I don't know, baby, who U think I am
I'm not your average every day simple Sam
I could have a dozen others if I choose
But no other mama will do
Your love is so hard
Your love, your love is so hard
Baby, I like it

Come here baby, it's time
Hey girl, U've been hurt before
Gimme a chance, don't slam the door
Brown lover, funky M
I come 2 play, not 2 swim
OK, roll over

(1989)

Don't be so hard
Sugar, U'd be missin' everything in life
Don't be so hard
Ooh baby, maybe U could be my wife
Now say it again... uh, hard

I don't know, baby, who U think I am (Believe me, U be)
I'm not your average everyday simple Sam (Uh, ooh,
hard)
I could have a dozen others if I choose (Ooh baby)
No other mama will do
Your love is so hard
Your love, your love is so hard
Baby, I like it

Enough

Funky M
I don't know, baby, who U think I am
I'm not your average everyday simple Sam
I could have a dozen others if I choose (Date line: 1989)
No other mama will do (It's time)
Your love is so hard

(I don't, I don't know)

It's time U get enough
It's time U get, it's time U get, time U get, time U get
enough
And U'll be beggin' "Please, don't be so hard"

(1989)
