Yeah, Sarge, we just received a call
We got a disturbance on Galpin
Alright, go on'n check it out
Really? Oh, geez

Well, her name is Zannalee
I like what she do to me
Her name is Zannalee
I like what she do to me

She got a sister named Fendi
And they like to do me double team
To get 'em in the mood

I give 'em some cherry wine
To get 'em in the mood
I give 'em some cherry wine
Then we play some pool

And they watch me bank
The six and the nine
Watch me bank it, baby
(Woo)

Yeah, Sarge, we're outside the house now
I can see 'em through the window there
(Hey, there)
What's it look like?
All I can see, oh geez, look at that, ah, ah

What's going on?
Uh, nothing, Sarge, 10-4
If you wanna headline
You gotta be all you can be

Well, if you wanna headline
You gotta be all you can be
'Cuz you got a strong act to follow
And her name is Zannalee
See you tomorrow, big ass
