In a deep sleep I fell
And the music starts to swell
One of my ribs he took
And it shall be bone of my bones
(Bone of my bones)
And God created woman

And we were naked and did not care
There's a time to take and a time to share
Two in love, all around and all aware
Flesh of my flesh
(Flesh of my flesh)
And God created woman

Temptation sweet and so much
(Sweet and so much)
Surely die if neither one of us shall ye touch
(Shall ye touch)
Then again we could die from the rush
(Rush)
Heart of my heart
(Heart of my heart)
And God created woman
(Woman)

Woman
(Woman)
My my my my my my woman

In my darkest hour I find
Many serpents who have lied
(Lied)
Given half the chance still I'd run to your side
(Run to your side)
Love of my love
(Love of my love)
God created woman
(Woman)

And if I never see you again
It's alright for I am guilty of no sin
They can have you

I'll have your love in the end
Soul of my soul
(Soul of my soul)
God created woman

God created woman
God created woman
(Flesh of my flesh)
(Soul)

God created woman
(Soul)
God created, God created woman
God created, God created woman
God created woman
