

# Prince & The New Power Generation "Insatiable"

Visit "[Insatiable](#)" on MotoLyrics.com

Ooh, oooh, my, my, yeah U ooh

Turn the lights off, strike a candle  
No one that I've ever, knows how 2 handle  
My body, the way U truly do  
Insatiable's my name when it comes 2 U

I got a jones, Martha  
Oh yeah, it be like this  
I can't have a hug unless I have a kiss, ooh (I can't have  
a hug unless )  
My body, baby, U truly do  
Insatiable's my name when it comes 2 U

Like a wildcat, Martha, in a celibate rage  
I want U alone in my dirty little cage  
Can U understand, Martha?  
Ooh, my body baby, U truly do  
Insatiable's my name when it comes 2 U

2Night we video  
No one will ever know  
We'll erase the naughty bits  
I'll show my if U show your

I can't help it, Martha  
(She's insatiable) (Insatiable) {repeated}  
I can't help what U do 2 me (Ooh)  
U are my every fantasy

There's no tellin' how far I'd go  
'Cause when it comes 2 U, I know  
I'm insatiable and I just can't stop  
Even if I wasn't thirsty, I would drink every drop

Please baby, don't say no  
'Cause I'll surely go - crazy

Okay, so all U do is push the little red button  
And I belong 2 U in your little video box  
Nah, don't look at the clock, yeah  
It's 2 45, we got all night

First, U gotta tell me what U want me 2 do  
(My body, baby, U truly do)  
Come on  
(Insatiable's my name when it comes 2 U)

There's no tellin' how far I'd go  
'Cause when it comes 2 U, I know  
I'm insatiable and I just can't stop  
Even if I wasn't thirsty, I would drink every drop

So take it slow, baby and let's unwind  
Do U really want all my clothes off? (Yes)  
What are U gonna do 2 prove it? (Ooh)  
Aren't U afraid we're gonna be found out? (No)  
Well, let's get on with the show  
Ooh, turn the lights down lower  
Doesn't my body look good in the shadows?  
Ooh, baby knows what 2 do  
Have U done this before? (I don't know)  
U say U want my hips up in the air (Yeah)  
Oh no, I don't care  
Ooh, my body baby, U truly do  
I know I could be nasty with U  
Oh yeah

Up and down  
Just like a seesaw (Back and forth)  
Back and forth (Listen)  
Oh girl, I'm falling  
I love U baby  
I love U baby  
U are mine  
U're nastier than I thought  
It's just 2 49
