Demagog rules mean: war  
Â»Sattya bwaÂ«: no more war  
Â»Sattya bwaÂ« means peace  
No more demagog rules, man  
Â»Sattya bwaÂ«: Â»PeaceÂ«  
in african language  
So you are the one, who came here to mash up the  
place, eh?  
War is over  
Natty dread come over  
How good and how pleasant it is  
For Rema-ites  
Jungle-ites  
Peanelities, Lizard Town-ites  
To dwell together  
War is over  
Natty dread come over  
I-man know that after a storm  
There is must be a calm  
Why man, the Bible no write himself  
You know is a man, write the Bible, eh?  
That mean someone wrong but not the  
Bible, yeh  
War is over  
Natty dread come over  
Demagog rules mean: war  
Â»Sattya bwaÂ« mean Â»peaceÂ«  
In african language  
Senor, you are the one, who came here to mash up the  
place, eh?  
Â»Son, don't take your guns to town  
Come here no more, fudale clown in townÂ«  
Boy  
You have to be smart like an Anancy-man.
