I know you had a long day, baby
Why don't you come over
I've got somethin' for you

Since you've had a long day
Gonna make you feel better tonight
So come around girl
I'll be waiting for you

Wanna make you feel good tonight
Because you deserve it
So come around girl
I'll be waiting for you

I want you to know that
I appreciate the way you are
You work so hard from day to day
So in return I'll tell you now

You're special girl
You're beautiful
Tonight's the night
I'm gonna give you the world

Since you've had a long day
Gonna make you feel better tonight
So come around girl
I'll be waiting for you

We can take a hot shower
Or whatever my baby wants
Let's have a glass of sweet champagne
Before I lick it all off of you

It'll be better
Than the other night
I promise you
I'm ready to give you the world

Since you've had a long day
Gonna make you feel better tonight
So come around girl

I'll be waiting for you

I'll run the bath water
(I'll be waiting for you)
Gonna rub you down
(I'll be waiting for you)

Gonna kiss you all over
(I'll be waiting for you)
I'll take good care of you
(I'll be waiting for you)

Yeah, woo
You're special to me girl

You're special girl
You're beautiful
Tonight's the night
I'm gonna give you the world

Since you've had a long day
Gonna make you feel better tonight
So come around girl
I'll be waiting for you
