Yeah, haha  
Come on, uh  
Yeah yeah, don't stop, what  
(Girl you keep on fronting)  
Yeah yeah yeah  
Come on, come on  
Yeah, uh uh uh  
(Girl you keep on fronting)  
Yeah yeah, yeah yeah yeah  
Mm-hmm, yeah, mm-hmm  
Come on  
(Girl you keep on fronting)  
Come on, yeah  
Come on, come on  
(Girl you keep on fronting)  
Whoa oh oh

1 - Always talkin' 'bout you  
Wanna make love to me  
So why (why don't you)  
Get a little closer  
And let me feel ya fever  
So high, so right  
(Tonight's the night)

Repeat 1

Since you say tonight's the night  
There won't be no games  
I wanna love you right  
My destiny lies in your hands  
Cuz freakin' you is the master plan

Up in the hills, is where I dwell  
I promise you that I won't run and kiss and tell  
And now I know  
It's clear to me  
Inside your love is where I need to be

Repeat 1

Repeat 1

Don't play no games with my mind  
You're ready girl, it's about that time  
You gotta be sick of these wanna-be's  
Make up your mind

And roll with me

The clock is tickin'  
Time is winding down  
Come play my princess  
And wear this crown  
Don't hesitate, procrastinate  
Cuz if you do, it might be too late

Girl you know I need your lovin' sometimes  
So why don't you just give me love today  
Girl you know I need your lovin' sometimes  
So why don't you just give me love today  
Yeah, yeah (tonight's the night)

Repeat 1  
Repeat 1

Always talkin' 'bout you  
Always talkin' 'bout you  
(Tonight's the night)

(Tonight's the night)

Girl you know I need your lovin' sometimes
