Baby your my everything
Your all I ever wanted
We could do it real big
Bigger then you ever done it
You be up on everything
Other dudes aint never on it
I want this forever, I swear I could spend whatever on it

Cause I hold you down ever time you hit me up
When you get rite you promise me we gone live it up
Made you beg for my love until I gave it up
And you say the same thing ever single time

You say I'm the best, you say I'm the best
You say I'm the best, you say I'm the best
I'm the best you ever had, best you ever had,
Best you ever had, best you ever had, You keep sayin

Know I gotta room mate, call you when she leave me
here
I jus leave the door unlock cause I know you be over
here
You be over here, yeeaa, you be over
We be doin freakin things that I aint even know existed
I aint even gotta ask you twice ur heart gotta have it
gimme more
I gotta appetite
You say speed it up hit the pedal cause I like to ride
back to the future
I will love you in and out of time
Hat to the back wit no make up on I aint gotta dress it
up
I know you love me flaws and all
(Somethin somethin something)
Babe I bring the cake along I like how you hustle but
still find the time to
Bring it home
Waitin patient in this quiet room I can't pay attention
cause I'm thinking
Bout what we gone do
So what you come over and prove it remind me what
you is

I'm the best, you say I'm the best,
I say you the best, I say you the best
I'm the best you ever had, best you ever had,
Best you ever had, best you ever had, You keep sayin,

Only you,
When it comes to love there's only me and you,
Only two, only you Oooohhhhhh ooohhh oh (x2)

Baby your my everything
Your all I ever wanted
We could do it real big
Bigger then you ever done it
You be up on everything
Other dudes aint never on it
I want this forever, I swear I could spend whatever on it

Cause you the best, I say you the best,
I say you the best, I say you the best,
You the best I ever had, best I ever had,
Best I ever haaaaaaaaaad oohhhhh ooohh
You the best I ever had yea oh oh yea

Only you, when it comes to love there's only me and
you,
Only two, only you Oooohhhhhh ooohhh oh (x2)
Only you, best I ever had, only two, best I ever had,
only you,
Best I ever oohh
