I'm just a girl
You're just a boy
This is my heart
It's not a toy
So what's with you playing with my mind?

We used to be cool
This used to be love
Now it's become
Something like a job
Like it or not
Maybe things were changing
Right before our eyes

- pre-chorus:

I tried to be your picture perfect girl
But you were in your own fantasy world
Tryna control me
Like some kind of barbie
But that just ain't me

-chorus:

'Cuz I ain't a doll
This ain't a dollhouse
You're way too old to be
Putting me down like this
And playing around like this
I ain't a doll
This ain't a dollhouse
No i could never be stuck living life like this
Behind these four walls
I ain't a doll

You call the shots
Right down to my shoes
I liked what you liked
Cuz you told me to
And i don't think that you could even tell
I fell out of love
But it never showed
I gave up on us
So long ago

But you'll never know
Baby don't pretend like you know me so well

-prechorus:

I tried to be your picture perfect girl
But you were in your own fantasy world
Trynna control me
Like some kind of barbie
But that just ain't me

-chorus:

I ain't a doll
This ain't a dollhouse
You're way too old to be
Putting me down like this
And playing around like this
I ain't a doll
This ain't a dollhouse
No i could never be stuck living life like this
Behind these four walls
I ain't a doll

I'll never be made of plastic
So glad that my heart's elastic
No matter what you do
I'll bounce back off of you
Cut me but i'm not bleeding

-prechorus:

I tried to be your picture perfect girl
But you were in your own fantasy world
Trynna control me
Like some kind of barbie
But that just ain't me

-chorus:

I ain't a doll
This ain't a dollhouse
You're way too old to be
Putting me down like this
And playing around like this
I ain't a doll
This ain't a dollhouse
No i could never be stuck living life like this
Behind these four walls
I ain't a doll

And i come with imperfection
Epitome of perfection
If you can't understand
Loving the way i am
Then you're no good for me
So glad i kept my receipt
