I'm just a girl  
And you're just a boy  
This is my heart  
It's not a toy  
So what's with you playing with my mind?

We used to be cool  
This used to be love  
Now it's become  
Something like a job  
Like it or not  
Maybe things are changing  
Right before our eyes

I tried to be your picture perfect girl  
But you were in your own fantasy world  
Tryna control me  
Like some kind of barbie  
But that just ain't me

Cuz I ain't a doll  
This ain't a dollhouse  
Your way too old to be  
Putting me down like this  
And playing around like this  
I ain't a doll  
This ain't a dollhouse  
No I could never be stuck living life like this  
Behind these four walls  
Cuz I ain't a doll

You call the shots  
Right down to my shoes  
I liked what you liked  
Cuz you told me to  
And I don't think that you could even tell  
I fell out of love  
But it never showed  
I gave up on us  
So long ago  
But you'll never know  
Baby don't pretend like you know me so well

I tried to be your picture perfect girl  
But you were in your own fantasy world  
Tryna control me  
Like some kind of barbie  
But that just ain't me

Cuz I ain't a doll  
This ain't a dollhouse  
Your way too old to be  
Putting me down like this  
And playing around like this  
I ain't a doll  
This ain't a dollhouse  
No I could never be stuck living life like this  
Behind these four walls  
Cuz I ain't a doll

I'll never be made of plastic  
So glad my hearts elastic  
No matter what you do  
I'll bounce back off of you  
Cut me but I'm not bleeding

I tried to be your picture perfect girl  
But you were in your own fantasy world  
Tryna control me  
Like some kind of barbie  
But that just ain't me

I ain't a doll  
This ain't a dollhouse  
Your way too old to be  
Putting me down like this  
And playing around like this  
I ain't a doll  
This ain't a dollhouse  
No I could never be stuck living life like this  
Behind these four walls  
Cuz I ain't a doll

And I come with imperfections  
Epitome of perfection  
If you can't understand  
Loving the way I am  
Then you're no good for me  
So glad I kept my receipt
