At night i fall asleep  
close my eyes what do i see  
visions of you and me  
together oh so happily  
why do these sort of things always have to happen me  
im steady picturing a love  
that i kno can not be  
my pillows stained with tears  
of hurt because i know we're thru  
how did i manage to destroy a love  
that was so true  
i just been thinkin how im gon get you back in my life  
give me a chance and i will make things right

cause you are the one of my dreams  
but i guess you cant see  
that i was stuck on you  
oh you are the one of my dreams

for everything i ever did wrong  
to you in the past  
for all the times we tried and we just couldnt make it  
last  
for every tear that ever fell from your eyes  
im sayin sorry i apologize  
i never had nobody love me  
the way that you did  
for me to throw it away like it didnt matter it  
wasnt the brightest i admit it wasnt very wise  
im sayin sorry i apologize

memories of your smile  
are with me till this very day  
you made my life worth while  
why did i throw it away

how could i think that everything was gonna be okay  
if i just let you go  
i still remember the way  
you use to hold me close said everything would be  
alright  
when i was down and out

you helped me make it through the night  
im lost because i lost the hope for ever loving you  
im goin crazy  
i dont know what to do cause

cause you are the one of my dreams  
but i guess you cant see  
that i was stuck on you  
oh you are the one of my dreams

for everything i ever did wrong  
to you in the past  
for all the times we tried and we just couldnt make it  
last  
for every tear that ever fell from your eyes  
im sayin sorry i apologize  
i never had nobody love me  
the way that you did  
for me to throw it away like it didnt matter it  
wasnt the brightest i admit it wasnt very wise  
im sayin sorry i apologize

cause you are the one of my dreams  
but i guess you cant see  
that i was stuck on you  
oh you are the one of my dreams
