((verse 1))

There was a time i was
pretty unsure bout
everything regarding you
didnt know if you wanted to kiss me or your lips were
just twitchin but i wondered if you felt it too

((chorus A))

Theres no way to know where this is going but im ready
cant officially say we're going steady...

but you are my apple and i wanna take a bite you may
be hard on the outside but you're oh so sweet inside...

i love when you call and say you're just saying
goodnight my apple
goodnight, my apple, goodnight
my apple, goodnight
my apple, goodnight

((verse 2))

Sometimes i feel like seeing what youre doing
but i feel like im getting on your nerves
so i pretend like it dont bother me that its been about a
week since your name was on my caller id

((chorus B))

Theres no way to know where this is going but im ready
cant officially say we're going steady...

but you are my apple and i wanna take a bite you may
be hard on the outside but you're oh so sweet inside...

i love when you call and say you're just saying hello my
apple

hello, my apple, hello
my apple, hello
my apple, hello

((Bridge))

Well i hope you dont get the wrong idea

But i cant get over your loving, my dear
I just dont know how, to show

So please dont take this the wrong way
But i mean every word that i say
and i just want you, to know

((Chorus C))

That you are my apple and i
wanna take a bite
I especially love it when youre kissing goodnight, Yeah
You are my apple and i
wanna take a bite
I especially love it when youre kissing me goodnight,
uh-oh-uh-ho
you are my apple and i wanna take a bite you may be
hard on the outside but youre so sweet inside
i love when you call and say youre just saying hello my
apple,
hello, my apple, hello
my apple, hello.....

((Beat fade out))
