Your belly swollen with your glut
You pay someone to wipe your butt
How can you be such a sleaze
Wallow in your soul's disease
Parasite - your only motive greed
Parasite - take more than you need
Parasite - feeding on your brother
Parasite - you'd sell your own mother
Laughing as you abuse your power
Increasing other people's load
Getting fatter by the hour
Your bloated gut will soon explode
This behavior has to end
Earning none of what you spend
You've got the morals of a stoat
Feel my fingers on your throat
Parasite - your only motive greed
Parasite - take more than you need
Parasite - sealing your own fate
Parasite - taught me how to hate
Laughing as you abuse your power
Increasing other people's load
Getting fatter by the hour
Your bloated gut will soon explode
