(ryan)

Last night i dreamt you were lying beside me
i smelt the sweetness of your hair
you gently reached out to remind me, of how it used to
be
and i almost believed that this morning id find you still
there

(chorus)

but here in the real world
i miss you madly
in the real world
im coping badly
were losing you
what am i to do
here in the real world with out you.

(ryan)

last night i dreamt of a different ending(our dreamt
our love was strong)
everything just seemed to work out somehow (our love
will go on and on)
i thought that someday i could smile again with out
pretending
im so sure id wake up and i wouldnt need you right now

(chorus)

but here in the real world
i miss you madly
in the real world, im coping badly
were losing you, what am i to do
here in the real world without you,

friends tell me i must not look back
there are silver rails just ahead on the track
and my stars say im getting over the fact that you gone

but here in

(damien high notes)
here in the real world
ooo i miss you madly
here in the real world

ooo im coping badly
were losin you
what am i to do
here in the real world with out you
oooo here in the
here in the real world
here in the real world
here in the real wolrd
i am lost without you

(here in the real world, here in the real world, here in
the real world i am lost with out you)
now that you gone
(here in the real world, here in the real world, here in
the real world...fades)
