There was a full moon over Memphis  
National Guard outside thousands wait for Elvis  
Waitin' ever since he died for a miracle gonna happen  
His eminence to restore  
The sound of thunder crackin'  
Signals the beginning of the war to end all wars

(chorus)  
Armageddon carry me home  
Armageddon carry me home

Jerry and Linda in the whitehouse  
President sleepin' in his shoes red phones ring in the  
blackout  
Ain't got time to lose U-boats off New England  
Enemy submarines from Boston to Miami  
On a red alert, you better scramble all the F-15's
