High school drop out beaten by the city scenes  
Got slapped by crap she's seen all on her knees  
Frustrated and so mistaken  
Took it for real, but the world was fakin'  
From the alley she made it through  
Broken hearted

You were allways on my mind  
Every time I open my eyes  
It's like forever and a day  
Season changes love to hate  
And just too little and much too late  
It lasts forever and a day, today!

Mouths are open fed by tears and pain  
Love is for sale on the street without the name  
Another night out, Janie was jaded  
Another try out, dreams were faded  
Lust for life can break your heart in two

You were allways on my mind  
Every time I open my eyes  
It's like forever and a day  
Season changes love to hate  
And just too little and much too late  
It lasts forever and a day, today!

And much too late!
