No no no no no!  
Eye for an eye makes the whole world blind!  
Welcome to our Babylon!  
Five shots, two ludes for a daily grind!

Bodyguards with guardian angels  
Small talk with relation to strangers  
Fuck Lord the new religion is me  
I don't need a guide I've got my own reputation  
I'm the captain of the lost generation  
While God saves I destroy!

Oh oh oh oh!  
Sing out another Sin city blues!  
Let's celebrate the destruction!  
This is my revelation I win you lose

Light my path I make my own destination  
I'm the captain of the lost generation  
While god saves I destroy!

Come on smell my breath of sin  
Break the chains and set me free, set me free!  
Now I've got a new destination, a full reputation  
While God saves I destroy!  
Knock 'em down into the third degree  
True Believers you won't get me, you'll see!  
This is my revelation, my youth nation  
While God saves I destroy

Sing out another Sin city blues!  
Destroy!

Bodyguards with guardian angels  
What If God created the creation  
Wonder why he didn't do a better job?

God saves, God saves, God saves  
While God saves I destroy!
