This is your story
This is your story as I see it
You've done some right but
Your judgment's blurred

This is your story
This is your story
So far

Well it's catching me up
I can't break away
Everyday I'm learning the hard way with no end
No end in sight

Take me home
We'll find a way
We'll find a place to hide, from you
Take me home
I've had it up, to here with the way life is

Well it's catching me up
I can't break away
Everyday I'm learning the hard way with no end
No end in sight

Well it's catching me up
There's no end in sight
But I seek to break away
From what I've become
From what I have and have not done
No there's no end in sight
But I can't break away
From what I've become

From what I have and have not done
