I'll agitate your consciousness
You'd think it would be over by now
But my body is drained
And my limbs are weak
I will just falter alone

Lets kick things off with a warning
I know it's fear of the fear that has me haunted
Dear mid-life melancholy
Please fall or sink to the bottom
I will lock you up and swallow the key
I will lock you up and swallow the key

Oh lurking discretely our path suddenly meet
I can't remember what I came here for
Dear mid-life melancholy you'll no longer find me
Just as I am, just as I am

Lets kick things off with a warning
I know it's fear of the fear that has me haunted
Dear mid-life melancholy
Please fall or sink to the bottom
I will lock you up and swallow the key
I will lock you up and swallow the key
I will lock you up and swallow the key

Cause I know that we will meet again

Oh lurking discretely our path suddenly meet
I can't remember what I came here for
Dear mid-life melancholy you'll no longer find me
Just as I am

Oh lurking discretely our path suddenly meet
I can't remember what I came here for
Dear mid-life melancholy you'll no longer find me
Just as I am, just as I am

I've been wondering for days now
How you've got this hold on me, this hold on me, right
here
So I have made a choice, I choose to stay inside now

I thought the grass was greener on the other side
But I was wrong
