

## **Process Of Guilt "Becoming Light"**

Rain falling down on me  
The sound of darkness coming in my way  
A grey paint of decay  
So fragile so dark  
Blurring my spirit  
A grey paint of loss  
So near so dark  
Ending my will  
An then light comes  
Fading out my fall  
Deceiving  
My own lies  
In distress  
Emotions flow through a glimpse of light  
Glowing deep under words  
This syntax of illusion  
At the dawning of myself  
Where darkness becomes light  
Where words evolve in echoes  
Resonances of radiance  
At the dawning of myself  
Where darkness becomes light  
Where words evolves in echoes  
Resonances of radiance  
Radiance  
Where darkness becomes light  
Wasted sounds  
Drained visions  
Lies of an end to come  
Come  
At the dawning of myself  
Myself  
Where darkness becomes light  
Rain falling down on me  
The sound of darkness coming in my way  
A grey paint of decay  
So fragile so dark  
Blurring my spirit  
A grey paint of loss  
So near so dark  
Ending my will
