Award show life, get dressed  
Red carpet, cameras, get fresh  
It's best you always look your best  
Cause us weekly and team z don't slip nah  
Award show life, yeah we  
Cameras, seats and arm candy  
All access, badges, backstage passes  
Big dark sunglasses, to match it

My life is like a video, eryday's a movie  
The press tryna kill me, please don't shoot me  
Coming out the spot with my mistress love  
Holding hands and kisses and hugs  
Front row, next to Bieber, Kanye and Carmen  
In the spotlight life, Biggy told me you on touring  
We was doing shows tryna reach our goals  
He said P, don't forget how you got where you going  
I was just a little nigga back then, I didn't care  
If I didn't have a tux, afford a black tie fair  
Cause it wasn't my type of party, type of crowd  
I'd rather be with a â€¦shootouts go down  
A young ball mentality, ball down,  
When you grow up in the hood,  
You live the hood lifestyle  
Now I own â€¦ network with big millionaires  
And you proly seen my picture in Vanity Faire

I'm a publicity whore, fiend to be seen  
I die for more air time on the screen  
Nah, 15 minutes ain't enough for me

I need the endless run, don't try to kill my dream  
I got a rock star house wife, she like nice things  
Tavern on the green, breakfast at Tiffany's  
Strictly Rolex and Cartier on her wrist  
She high maintenance, it's my fault she like this  
Spoil my bitch, award show lifestyle  
We on our way to another show right now  
My son growing up he thinks he Chris Brown  
My lil daughter need that college money no doubt  
I must bust my ass continue to shine  
I cannot stop no, on the road I'ma die  
Just like â€¦ give me my props  
So I'ma take mine and climb over you, city top
