Ft. Wiz Khalifa

They see me coming they say they come big time
yeah nigga big money big rhymes
big old thing in my past for big body dimes
between hate and love is a very thin line
you see me coming they say they go big dope
yeah nigga big money, big song
big old thing in my short for big body bro's
between hate and love is where the guns pop off

Now I don't buy shit, all of my chips go high lips
boog it up nice jeans, born styling
