Yo, I used to checkout lyrics and pump the format  
Build with skill with technique. Computer A-DAT  
My lyrical form is clouds on your brainstorm  
I get hype. Think thought flow.  
Acrobat, sink the track, pump the track  
Transmissions, close like spores react past these  
visions  
And hurrying more reflects on the dancefloor  
Blowing up and having mad people showing up  
Packing crowds jam-packed venues  
Needles collapse, while atmosphere continue  
Sprinkle that,  
Winning like that, moving like that, hitting like that  
The melody is fat  
Yo, I'm on the energy source  
The cosmic boss  
With Prodigy  
Given astrology  
My intellect's devour

With Diesel Power  
Blows your mind drastically, fantastically  
Blows your mind drastically, fantastically  
Blows your mind drastically, fantastically  
Blows your mind drastically, fanta..

We spun back rewind-Diesel Power  
Blows your mind drastically, fantastically  
It has to be, automatically  
Check it out. You better work it out  
Dreams to another bout  
My techniques, strategies, abilities.  
Will leave cordless mics hanging like spring leads  
Do a track so fast. Beyond from you and I  
Lyrical tactics, vocal gymnastics  
Ease and pepped up  
You get swept up  
Smacked up, backed up, your crew's all cracked up  
Check it slow  
Pick choose quick  
You can't stick  
My medical range is strange as angles

You get tangled. Twist inside a fraction  
Channels repeat, complete. Can't complete

Check the hour and texture  
Mind adventure  
Exploit the point  
Into tracks to devour  
My intellects proceed

My diesel power  
Blows your mind drastically, fantastically  
Blows your mind drastically, fantastically

Back attack the wack  
Pack the fax to me  
You don't want none  
High-quality action b/still standing  
Damaging your other manner  
Quick reverse  
Potent as the first verse  
My amplifier blows on your worlds, higher  
Words sire  
Cuts like a barbed wire  
Record-play  
I pull up on your energy day  
Fast-forward  
I move And I swings towards it  
Exit-load  
Put your brain in right mode  
Selective mix  
The man will perfect the fix heads lightly.  
Bite me  
Copy Xerox. Cop sand blocks  
You can't knock them out there  
I'll keep lifting, shifting, persistent  
Intelligent kingpin  
Given astrology  
As I roll with Prodigy
