Chorus:

Rapping is my religion,
Bring me the finest women
Gives me them white figures
Cause we're some break spirits
Respect that ... D double...
Real rap will shit, will spit
Niggers pray when they see me!
Rapping is my religion,
Bring me the finest women
Gives me them white figures
Cause we're some break spirits
Respect that ... D double...
Real rap will shit, will spit
Niggers pray when they see me!

It's... conversation
..occupation
Hit man, I'll probably...
With a... with a track, I'll slay it!
We're over the grass, over the class,
I mix it up, 'till it's just enough to have me on that..
Niggers that won't... on us
They deserve...
..like a base kick
..I erase this?
..take that as a fucking favor!
I know, I know, you niggers... popping shit
And probably don't know that everything..popping is
Louder than words, my niggers are clown, not herds
I bounce your head off that...
Just the rhyming expert!
But you niggers want me to be...
I can see through..
You know misery, love company ...
See these dimes, see this cash, see me on tour with
the..
I see you in hell, my girl ring bells ...all that bullshit to
rest!

Chorus:

Rapping is my religion,
Bring me the finest women
Gives me them white figures
Cause we're some break spirits
Respect that ... D double...
Real rap will shit, will spit
Niggers pray when they see me!
Rapping is my religion,
Bring me the finest women
Gives me them white figures
Cause we're some break spirits
Respect that ... D double...
Real rap will shit, will spit
Niggers pray when they see me!

I got niggers on lock doing time
Cleaning max, right off the block moving dimes
..beautiful little girls, I'mma keep in bed at night
it was twelve in the kitchen...
I'mma.. with the renegates
In a box, we trust..
Like Charlie, see me, have gun
She got a body, harder to be on a gun
I got keys of the spot with the ..
Keys of the block with the...
Please don't stop, I'll be on the front
When niggers get caught, catch me if you want!

Chorus:
Rapping is my religion,
Bring me the finest women
Gives me them white figures
Cause we're some break spirits
Respect that ... D double...
Real rap will shit, will spit
Niggers pray when they see me!
Rapping is my religion,
Bring me the finest women
Gives me them white figures
Cause we're some break spirits
Respect that ... D double...
Real rap will shit, will spit
Niggers pray when they see me!
