"I'm Hooked, I'm hooked"  
"I'm stuck to you - just like glue"

Alright, alright, uh-huh  
And I ain't neva let you go, let you go  
What time is it?, dawgs sit righ here  
Put the kids to bed - tell y'all story  
And I ain't neva gon' leave you alone, leave you alone  
First worry about my money, you know what..?

[Prodigy:]  
Its a cash explosion, it's rainin' dollars  
We made it to stardom, the new album  
The 50-50 joint ventures, it only gets better & better  
Might treat myself to a nice Ferrari for the winter  
Gave my whole crib up, Do NOT ENTER!  
'Cause the nigga inside with the shotty got a temper  
And I play it by the book, man
