When you look into these eyes do you think anything
could stop me?
Regrets will come from deep inside and push me so
close to the edge.
No I won't be apart of that mindless shit.
I'm in this for real. I see everything I want.
I see everything I want.
Chasing me through my dreams and it just will not end.
Found a way to this day and there's no turning back.
Could it be all I've seen is just a joke that they've
played?
So I am turning to something new.
I don't think I'll ever forget you and the things that were
promised.
There is so much more without those fears I threw away
last time.
No, I won't be apart of that mindless shit.
I'm in this for real. I see everything I want.
I see everything I want.
Chasing me through my dreams and it just will not end.
Found a way to this day and there's no turning back.
Could it be all I've seen is just a joke that they've
played?
So I am turning to something new.
